Address: Acacialaan 14, 9250, Waasmunster, Belgium (Home)

ABOUT ME

I am a programming graduate from Odisee KU leuven in Ghent and I am currently studying at Howest DAE in Kortrijk. I have almost 8 years of software development experience and I mastered the programming languages Java, C#, Python and C++.

I am focused on gameplay programming, game design and tool development. My main interests lie in creating gameplay systems, improving developer workflows and exploring how game mechanics influence player experience. Alongside programming, I have a strong interest in game design and enjoy prototyping, iterating on mechanics and designing ideas into gameplay.

EDUCATION AND TRAINING

2023/09/15 – CURRENT Courtrai / Kortrijk, Belgium

HIGH SCHOOL - BACHELOR Howest Digital Arts and Entertainment

Relevant coursework

- Gameplay programming and prototyping in Unity and Unreal Engine
- Game design theory, player experience analysis and gameplay iteration
- Tool development with C# and WPF
- Multiplayer and platform development using Unity Netcode, ASP.NET and SQL
- Software engineering practices including testing and version control
- Advanced C++ programming, software architecture, design patterns and engine programming
- Graphics programming including rasterization, ray tracing, linear algebra and geometric algebra

Key projects

- Developed gameplay systems and prototypes in Unity and Unreal Engine
- Designed and iterated on game mechanics based on player experience
- Built tools and editor applications to improve development
- Implemented rendering, engine and low-level programming concepts in C++
- Collaborated on game projects and client work
- Relevant projects: [Scrapped](#), [Thesis](#), [Client project by Eye blink twice](#), [Portfolio](#)

Major: [Game Development](#)

Address Botenkopersstraat 2, 8500, Courtrai / Kortrijk, Belgium | **Website** <https://www.digitalartsandentertainment.be> |

Field of study Game Development | **Thesis** The Impact of Gamification on Player Experience in Souls-Like Games

2019/09/01 – 2023/01/18 Ghent, Belgium

HIGH SCHOOL - BACHELOR Odisee High School Ghent

Relevant coursework

- Object-oriented software development in Java and C#
- Software architecture, algorithms and data structures
- Web and backend development with ASP.NET and modern web technologies
- Data science and artificial intelligence fundamentals
- Mobile and desktop application development
- UI/UX design

Key projects

- Developed desktop applications using C# and WPF
- Built web and backend applications with ASP.NET or Entity Framework
- Applied AI, machine learning and algorithmic problem-solving techniques
- Relevant projects: [Thesis](#), [Portfolio](#)

Major: [Onderwijsaanbod](#)

Address Gebroeders de Smetstraat 1, 9000, Ghent, Belgium | **Website** <https://www.odisee.be/nl/gent> |

Field of study Elektronica-ICT | **Thesis** Statistische code analyse in een Software Development Life Cycle

2017/09/01 – 2019/06/21 Sint-Niklaas, Belgium

TECHNICAL SECONDARY EDUCATION Broederschool Handel

Relevant coursework

Software development: Visual Basic as programming language

Management Automation

Computers, Systems and Networking

Integrated Pilot

Address Nieuwstraat 91, 9100, Sint-Niklaas, Belgium | **Website** <http://www.handel.broeders.be>

WORK EXPERIENCE

INTERN – ODISEE - THOMAS VAN DEN BOSSCHE – 2022/09/12 – 2023/01/17 – GHENT, BELGIUM

Business or Sector: Education | **Address:** Gebroeders de Smetstraat 1, 9000, Ghent, Belgium |

Website: <https://www.odisee.be/>

Tasks/activities:

- Assistant teacher during Java exercises
- Research into AI for education, [Federated learning with Flower](#), [NVIDIA FLARE](#), GPU Server, Tensor flow, CIFAR, CNN, Edge Impulse

[Internship log](#)

INTERN – SECUREX - ANNEMIE RAEMDONCK – 2022/02/07 – 2022/05/19 – GHENT, BELGIUM

Business or Sector: Human health and social work activities | **Address:** Verenigde-Natieslaan 1, 9000, Ghent, Belgium |

Email: Annemie.Raemdonck@securex.be | **Website:** <https://www.securex.be/nl>

Tasks/activities:

- Reworked website [HR Calculations](#)
- Spring boot as backend, React and Formik as frontend, NX monorepo

[Internship log](#)

INTERN – I-MENS (SOLIDARITEIT VOOR HET GEZIN) – 2019/02/25 – 2019/03/10 – GHENT, BELGIUM

Business or Sector: Human health and social work activities | **Department:** IT/ICT |

Address: Tramstraat 61, 9052, Ghent, Belgium | **Email:** selectiecel@i-mens.be | **Website:** <https://www.i-mens.be>

Tasks/activities:

- Search for invalid applications on colleagues' PCs
- Create folder structure according to given criteria
- Put together PCs & tablets (under supervision)
- Picking up & transporting orders (under supervision)

HOLIDAY JOB – WYCOR – 2018/07/02 – 2018/07/26 – WETTEREN, BELGIUM

Business or Sector: Construction | **Department:** Meubelbouwerij | **Address:** Biezeweg 6, 9230, Wetteren, Belgium |

Email: info@wycor.eu | **Website:** <http://www.wycor.eu/nl/intro-1.htm>

Tasks/activities:

- Checking Excel files according to given criteria
- Various production tasks like cutting, painting, transporting

SKILLS

Programming Languages

C# | C++ | Visual Studio Basic | Java | SQL | Python

Web Development

HTML5 | CSS | JavaScript

Tech and Software

Unity | Unreal Engine | Github | WPF | P4 Perforce | Adobe Photoshop | Blender

● LANGUAGE SKILLS

Mother tongue(s): **DUTCH**

Other language(s):

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
ENGELS	B2	C1	B2	B2	B2

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

● HOBBIES AND INTERESTS

Where to find me?

I go to the gym [De Kracht](#) and play dungeon & dragons occasionally. I regularly watch [devlogs](#) around gameplay or game design. I enjoy reading, watching or talking manga, manhwa, anime and netflix because I find them inspirational.
